In the published study, “The 2018 Otto Aufranc Award: How Does Genome-wide Variation Affect Osteolysis Risk After THA?” a footnote should have noted equal attribution of credit among the first three authors and the last three authors of the author list.

The footnote should have read: Scott J. MacInnes PhD, Konstantinos Hatzikotoulas PhD, Anne Marie Fenstad MSc, Ove Furnes PhD, Eleftheria Zeggini PhD, and J. Mark Wilkinson PhD all contributed equally to the study. We apologize for the error.
